

Dubai showroom underpins Jaguar's ambitious strategy

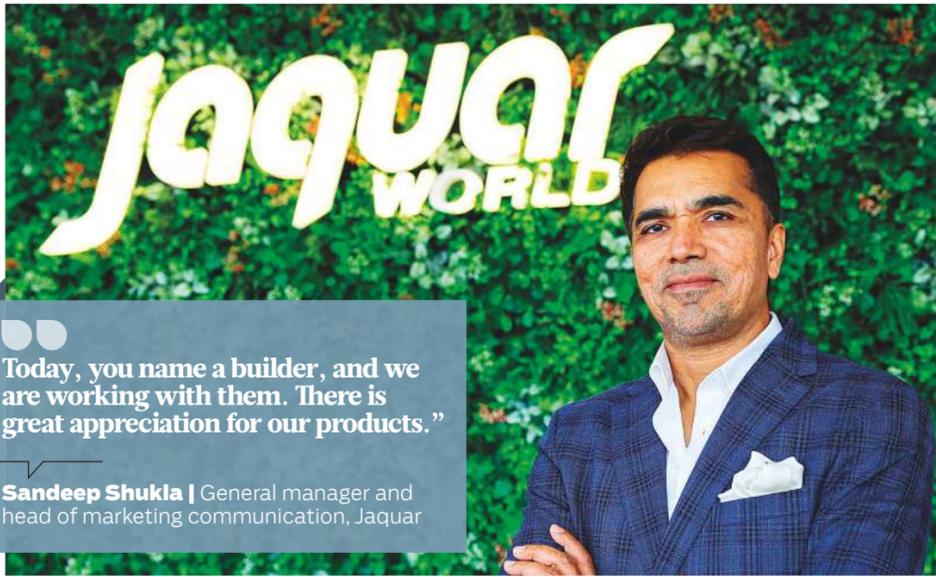

INDIAN FIRM AIMS TO DOUBLE REVENUE IN UAE MARKET IN LESS THAN 2 YEARS

DUBAI
BY SONY THOMAS
Special to Gulf News

India-based bathroom and lighting solutions company Jaquar Group is setting its sights on an ambitious goal – to double its revenue in the UAE market in less than two years.

Speaking to *Gulf News* at its newly launched Jaquar World Showroom in Dubai, Sandeep Shukla, general manager and head of marketing communication at Jaquar Group, was confident of achieving this revenue target in one and a half years.

“The kind of response we are getting now and the numbers we are seeing, I would say talking about doubling revenue would be slightly underplaying it,” said Shukla.

“Today, you name a builder, and we are working with them. There is great appreciation for our products.”

Collaborations with builders

He expects the growth within the next few years to be primarily driven by collaborations with major local builders. “Today, you name a builder, and we are working with them. There is great appreciation for our products,” Shukla said.

Jaquar Group’s success in the UAE market is not solely reliant on products and showrooms; it is also driven by a 360-degree marketing plan for Jaquar World, covering various mediums, from print to outdoor advertising, radio, and theatre.

Shukla emphasised the sig-

nificance of the UAE market for Jaquar Group. “Apart from India, the UAE holds a special place as one of our biggest and most important markets. Having been present in the region for nearly a decade, we have established ourselves as one of the top brands,” he said.

Bathroom, lighting solutions

The new Jaquar World showroom on Shaikh Zayed Road in Dubai represents a groundbreaking concept in bathroom and lighting solutions. It spans 14,000 square feet.

“Jaquar Group’s three dis-

14,000
area, in square feet, of the Jaquar World Showroom in Dubai

tinct brands, Artize in luxury, Jaquar in premium, and Essco in value segments, are all showcased under one roof. This allows visitors to explore a range of products that cater to both functional and aspirational needs,” said Shukla.

The showroom’s immersive experience is further elevated by its live and functional displays. Visitors can touch, feel, and experience the products firsthand.

Whether it is steam rooms, saunas, or showers, everything is connected with plumbing, providing a tangible understanding of how these products fit into daily life.

Another distinguishing factor is the presence of well-trained experts who guide customers throughout their journey of selecting the right products.

Short stories

World’s largest McLaren showroom opens in Dubai with vehicle personalisation studio

McLaren Dubai, the official retail partner of McLaren Automotive in Dubai, has opened the world’s largest standalone McLaren showroom on Shaikh Zayed Road, alongside the largest McLaren service centre globally, established in 2022.

The new showroom, spanning 950 square metres, includes a vehicle display gallery, customer service booths, and a special operations studio for vehicle personalisation. It is operated by McLaren Dubai, part of the Khalifa Juma Al Nabooda Group, and bolsters McLaren’s presence in the Middle East & Africa.

IMO secretary-general to open 5th edition of Tristar’s Safety at Sea Conference

The fifth edition of the Tristar Safety at Sea Conference will be opened by International Maritime Organisation (IMO) secretary-general Kitak Lim. The annual event will be held on November 6 at the Taj Exotica Resort and Spa at The Palm Jumeirah in Dubai.

Tristar Eships operates a fleet of chemical and product tankers, dry cargo vessels, gas carriers, and coastal tonnage. The fifth edition’s sessions will be broadcast live directly to vessels and seafarers on shore leave gathered in Mumbai and New Delhi in India, Myanmar, and the Philippines.
